

SOMMER 4004 – 4050

Remote-to-remote programming:

1. Open both remote controls by their sides and connect the two fobs
2. When the LEDs light up and then go off, press the button 1 on the new remote control and hold it down
3. When The LED of your old remote control comes off, press and hold the second button until the LED switches off.
4. Your new remote control is programmed!

Receiver-based programming:

1. Disconnect your receiver. It is located next to your motor.
2. Open the casing of your receiver
3. On the receiver circuit board (2), connect the remote control as indicated in the diagram above (1). The LED on the receiver lights up (4).
4. Press the button you wish to program on your new remote control (3). Keep it pressed down. The LED light on the receiver turns off. Release the button.
5. Wait 10 seconds
6. Your new remote control is programmed
